Applicable Rule: *National Emission Standards for Hazardous Air Pollutants for Source Categories*, 40 CFR Part 63, Subpart A — General Provisions. Request for extension of compliance is being made in accordance with §63.9(c) and/or §63.6(i).

If your facility is currently in the process of up grading spark ignition (SI) engines, and is having difficulty meeting the October 19, 2013 compliance deadline, an extension can be requested per 40 CFR 63 Subpart A {§63.6(i)}. The table below provides a summary of the emission limits:
