

The State of New Hampshire
DEPARTMENT OF ENVIRONMENTAL SERVICES

Thomas S. Burack, Commissioner

NOTICE of PUBLIC MEETING

Comments on EPA's Proposed Clean Power Plan

During the week of July 28, 2014, the US Environmental Protection Agency (EPA) held public hearings in four locations across the country to receive comments on the proposed Clean Power Plan. The hearings provided interested parties the opportunity to present data, views or opinions concerning the proposed action. The EPA's comment period on the proposal is open until October 16, 2014. More information is available at <http://www2.epa.gov/carbon-pollution-standards>. The New Hampshire Department of Environmental Services ("the Department") requests comments and recommendations from New Hampshire stakeholders regarding any aspects of the proposal for consideration by the Department as it formulates its comments on the proposal. The Department will convene a meeting to receive such input at 9:00 am on September 12, 2014 at its offices at 29 Hazen Drive, Concord, NH. Comments may be submitted in writing or provided orally at the meeting. Questions regarding the meeting should be directed to Joe Fontaine at (603) 271-6794, or joseph.fontaine@des.nh.gov.

Dated: August 18, 2014
