Emergency Water Access for Residents Experiencing Water Supply Issues

Below is a list of locations where residents whose wells have failed due to the drought may access drinking water and fill containers for sanitary and consumption needs and/or take showers. The information below may not be a complete list of locations or services available. Please contact your municipality directly with questions.

To add a location to the list, please email the below information to stacey.herbold@des.nh.gov:

Name of facility where water may be accessed (ex. town hall):

Street Address:

Town:

Details (ex. outdoor spigot, showers, bottled water, call first (phone number)):

Is the facility served by a public water system?:

If the facility is not served by a public water system, please contact Brandon Kernen, NHDES Drinking Water and Groundwater Bureau, to request assistance for testing the supply to ensure it is safe for public consumption.

(603) 271-0660 Brandon.Kernen@des.nh.gov
