

The State of New Hampshire
DEPARTMENT OF ENVIRONMENTAL SERVICES

Thomas S. Burack, Commissioner

***Acceptable Criteria for Drinking Water Operator
Training Contact Hours***

Policy Statement:

Drinking water operators applying for recertification are required to complete training contact hours (TCH) pertaining to the operation, design, or maintenance of public water systems. TCHs are credited for subject courses offered by or equivalent to courses given by NHDES Drinking Water & Groundwater Bureau, water works specific courses by the Granite State Rural Water Association, New England Water Works Association (NEWWA), New Hampshire Water Works Association (NHWWA), or American Water Works Association. Other training courses must be submitted for approval, by the trainer, to the Bureau **prior** to the training. Operators must submit a copy of a certificate of attendance at the time of renewal to receive training credit. The certificate certifies that the operator completed the training. The following are examples of training that do not meet the above criteria: managerial courses, spreadsheet & word processing courses, drivers safety/education, risk assessment, dealing with disgruntled employees/customers, sexual harassment training, snow plowing, and substance abuse classes.
CREDIT FOR THESE COURSES ARE NOT ACCEPTED.

Acceptable renewal training must comply with the Policy Statement above and fit into the Contact Training Hours Criteria listed below.

Contact Training Hours Criteria:

Grades I – IV (20 hours per two year renewal period)

No less than 10 hours technical (specifically) water related

Process Control

Equipment

Pertain specifically to improving or protecting water quality or quantity

No more than 6 hours managerial/safety related (must be system/water related,)

No more than 10 hours for an academic math or science course not specific to water works

No hours for CPR/First aid training

No Commercial Drivers License (CDL) training

No hours for courses specifically for Grade IA/CIA operators (Small System Class)

Grade IA/CIA (5 hours per two-year renewal period)

All training hours must pertain to improving or protecting water quality or quantity
