

Cocheco River Nomination: New Hampshire Rivers Management and Protection Program

Recreation & Historical Resources

Legend

- Cocheco River Nomination Area
- HUC 10 - Cocheco River Watershed Boundary

Historic and Recreation Sites

- Historic
- Campground
- Field Sports
- Fishing, Access Point
- Golf
- Natural Area; Park
- Shooting Preserve
- Water Sports Area
- Other Recreation

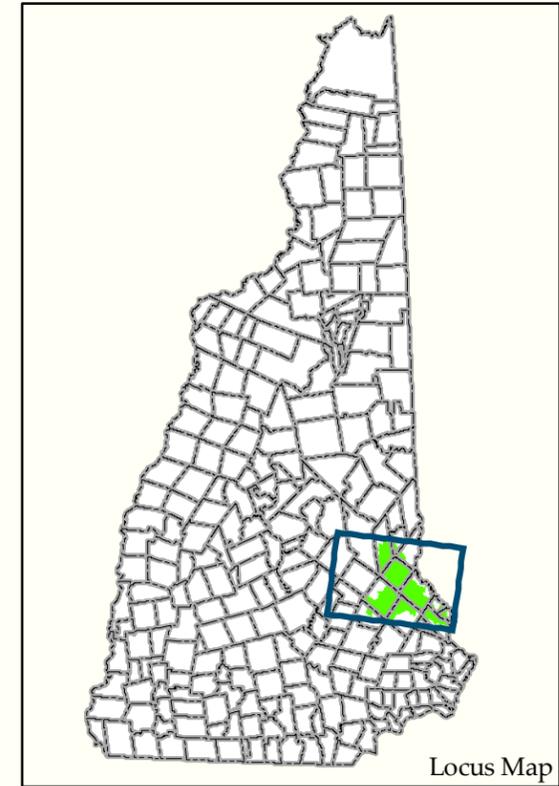

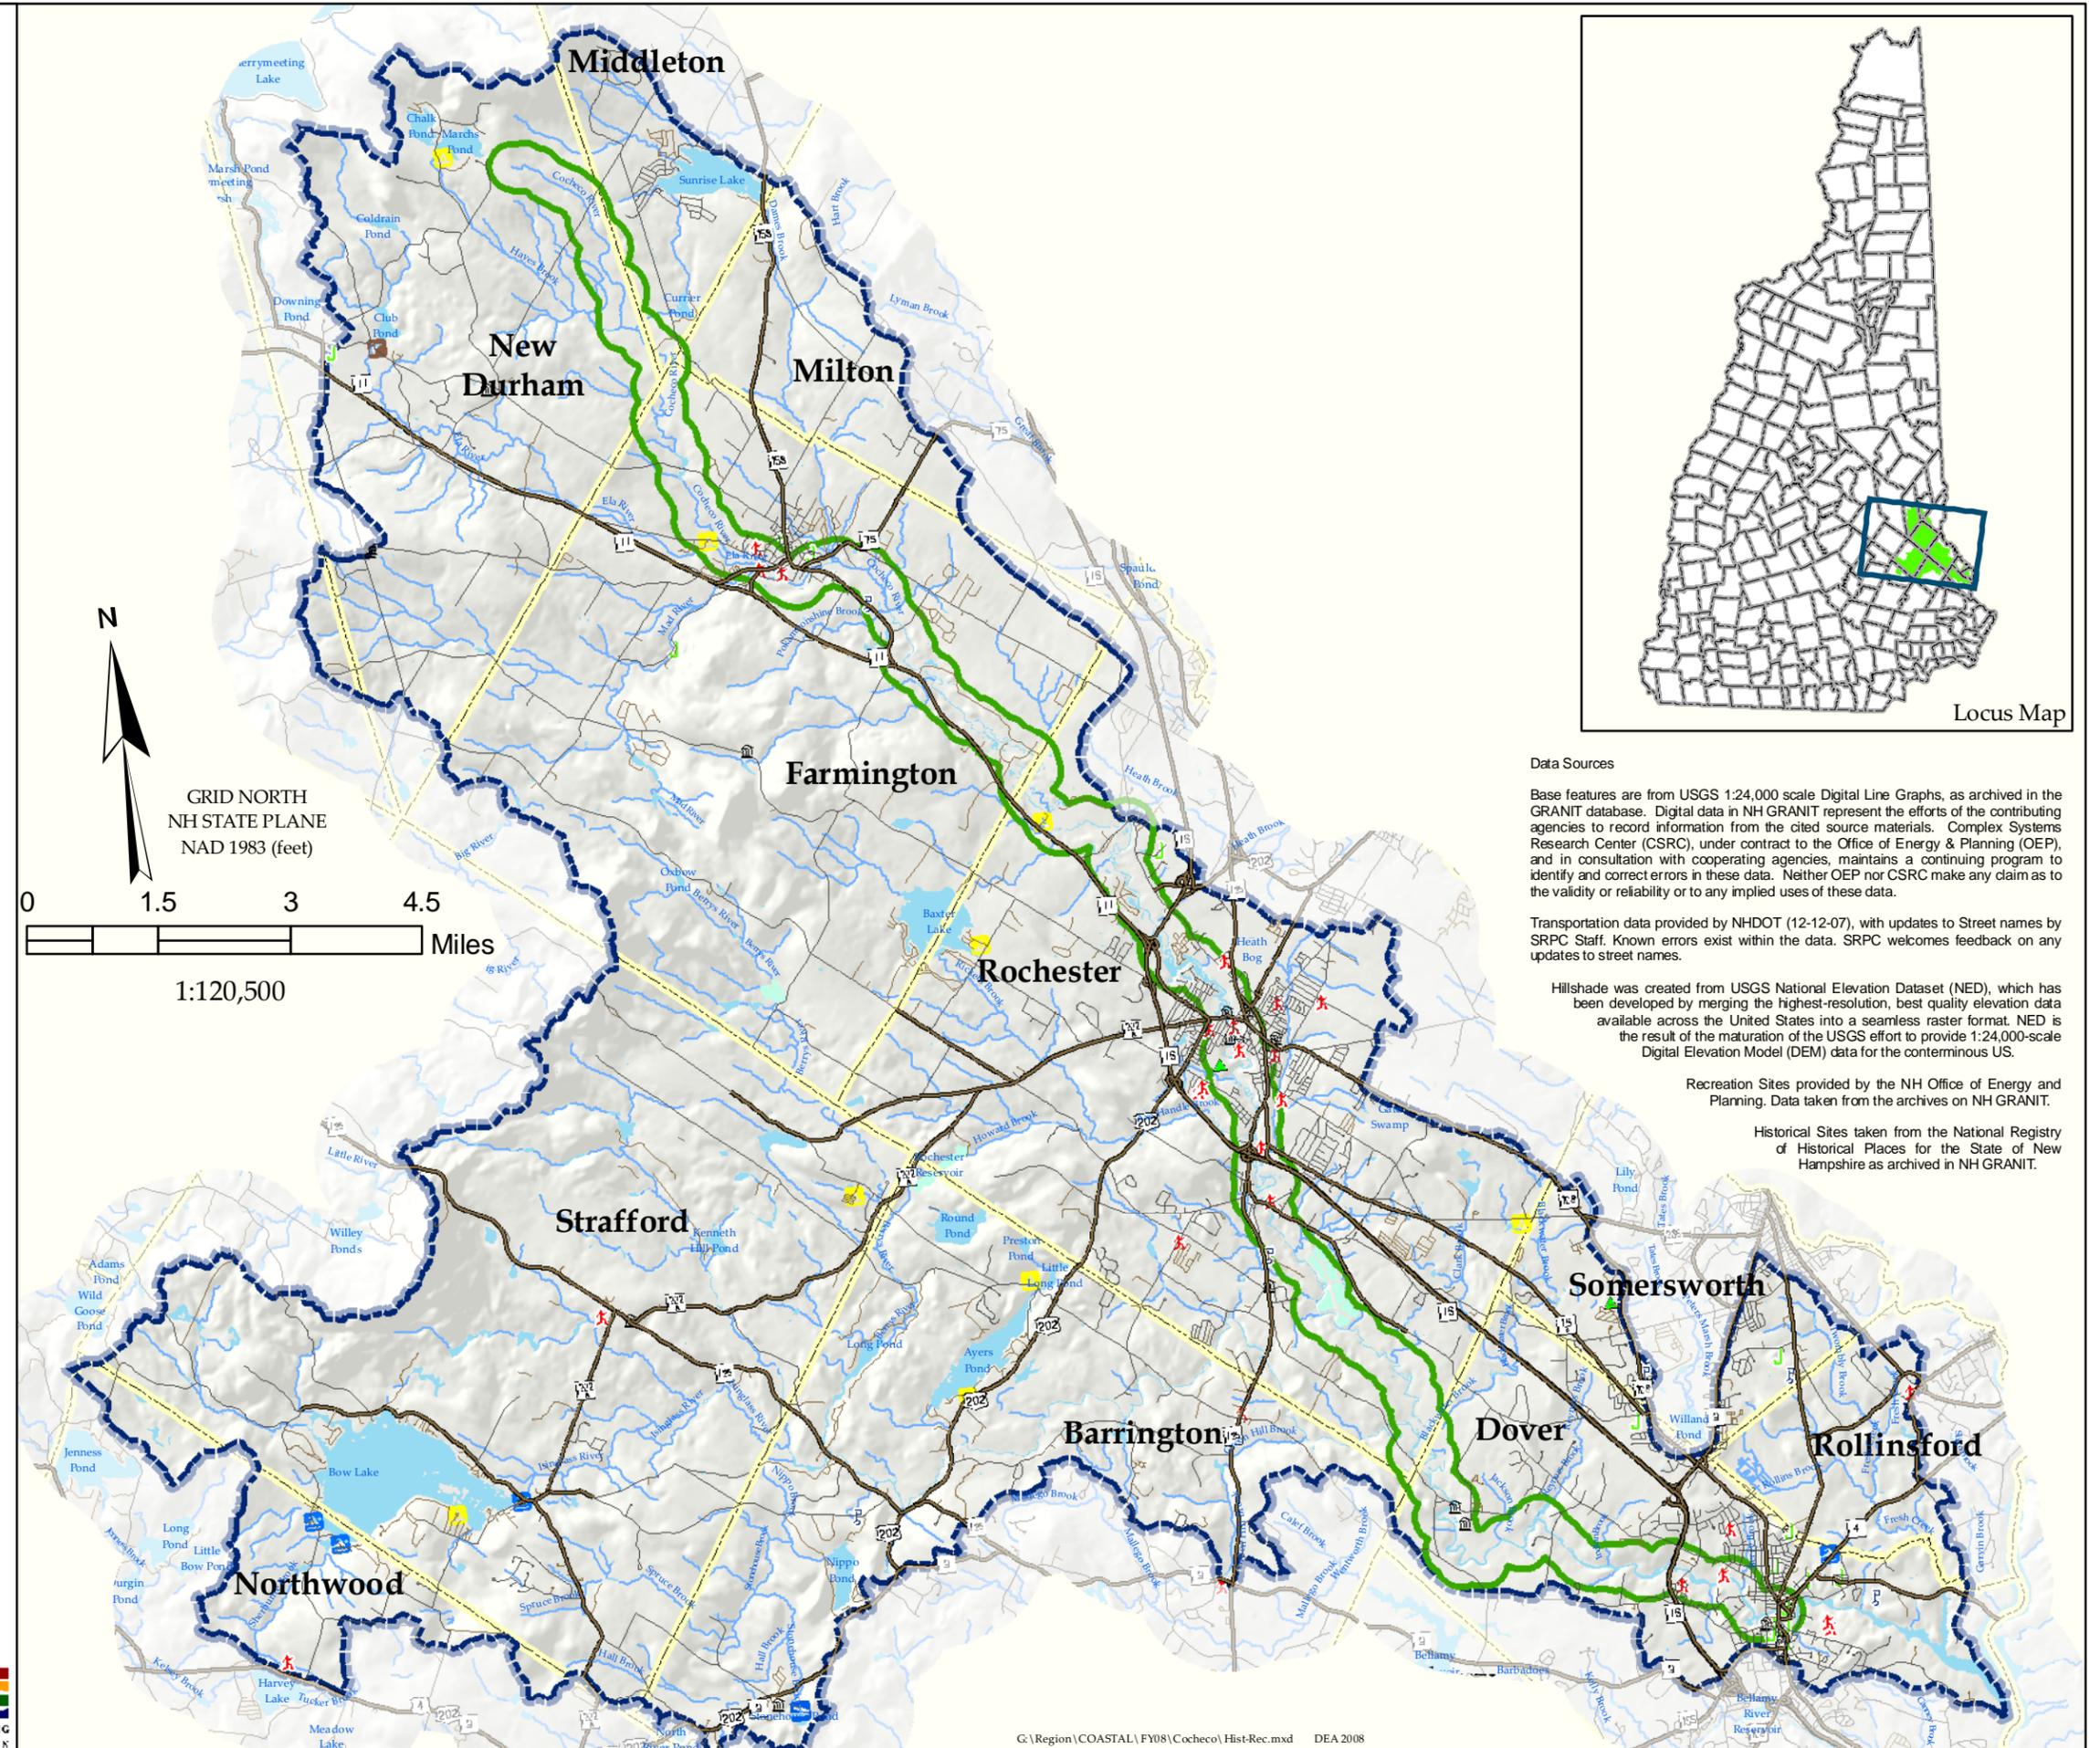

Surface Water Features

- Lake, Pond, River
- Reservoir
- River, Stream, Brook

Roads by System Class

- State/Major Roads
- Local Roads
- Private Road

Data Sources

Base features are from USGS 1:24,000 scale Digital Line Graphs, as archived in the GRANIT database. Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center (CSRC), under contract to the Office of Energy & Planning (OEP), and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in these data. Neither OEP nor CSRC make any claim as to the validity or reliability or to any implied uses of these data.

Transportation data provided by NHDOT (12-12-07), with updates to Street names by SRPC Staff. Known errors exist within the data. SRPC welcomes feedback on any updates to street names.

Hillshade was created from USGS National Elevation Dataset (NED), which has been developed by merging the highest-resolution, best quality elevation data available across the United States into a seamless raster format. NED is the result of the maturation of the USGS effort to provide 1:24,000-scale Digital Elevation Model (DEM) data for the conterminous US.

Recreation Sites provided by the NH Office of Energy and Planning. Data taken from the archives on NH GRANIT.

Historical Sites taken from the National Registry of Historical Places for the State of New Hampshire as archived in NH GRANIT.
