Subject: NHDES MtBE Remediation Bureau and Drinking Water and Groundwater Trust Fund Still Conducting Business During Stay at Home Order

Dear drinking water system and MtBE remediation and prevention project Owners, Consultants, and Contracting Professionals:

Please know that the NHDES MtBE Remediation Bureau and the Drinking Water and Groundwater Trust Fund (DWGTF) administration remain available to assist with new and existing drinking water infrastructure projects and MtBE remediation and prevention projects, despite the COVID-19 pandemic. As all of our staff are working remotely, the best way to reach us is by email.

While NHDES is not in a position to endorse or recommend any specific guidance on worksite health and safety measures relative to COVID-19, I am providing the following link to guidance from NHDOT for reference purposes: <https://www.nh.gov/dot/documents/covid-19-construction-guidelines.pdf>

Should you have any questions in regard to the DWGTF and MtBE Settlement Funds programs, please do not hesitate to reach out to me via email at Michael.juranty@des.nh.gov.

Thank you and be well,

Mike

Michael W. Juranty, P.E., Administrator
