Subject: FW: State Water Laboratory Sample Receiving

Hello,

Please see the note below from the State water lab concerning sample drop off.
The direct phone number for the lab is (603) 271-3445 or (603) 271-3446.

Effective immediately, our water sample receiving area will be at the main entrance to the building. (same place the "Drop Box" is located). We plan to have a table set up with instructions and the phone number(s) to call when dropping off samples. I apologize for the confusion. Hopefully this will be the last change to the building access/location.

Clinical samples will still be delivered to the normal receiving area.

Thanks
Lou
