Hi Sarah.

Attached for your consideration please find a number of technical documents that we believe that you find helpful for your upcoming work associated with establishing MCLs for Per- and Polyfluoroalkyl Substances (PFASs): PFOA, PFOS, PFNA and PFHxS. See list below. This information is being forwarded to you following the request for information during your Oct. 19th Stakeholder/Technical Work Session which I attended. I have additional documents to accompany these which I will forward to you in a second email.

1. Chamber of Commerce comments on ATSDR
2. 3M comments on ATSDR
3. Responsible Science Coalition comments on ATSDR
4. American Water Works comments on ATSDR, with relevant information on cost burden (Perchlorate Treatment Costs)
5. Sanborn Head comments on ATSDR
6. American Chemistry Council comments on ATSDR
7. The National Council for Air and Stream Improvement, Inc comments on ATSDR
8. Couch and Green comments on ATSDR

Thank you.

Best regards,

Stefanie
