

The State of New Hampshire  
DEPARTMENT OF ENVIRONMENTAL SERVICES

Thomas S. Burack, Commissioner

April 7, 2011

The Honorable Bob Odell, Chairman  
Senate Energy and Natural Resources Committee  
Room 102  
Legislative Office Building  
Concord, NH 03301

**Re: HB 555, designating segments of the Lower Exeter/Squamscott River as protected under the rivers management and protection program.**

Dear Senator Odell:

Thank you for the opportunity to comment on HB 555, which would designate the Lower Exeter/Squamscott River as a protected river pursuant to the Rivers Management and Protection Program, RSA 483 (RMPP). The Department of Environmental Services (DES) supports this legislation.

The proposed designation of the Lower Exeter/Squamscott River as a protected river under the RMPP is consistent with the conclusions from our review of the Lower Exeter/Squamscott River nomination in 2010. Our conclusions are summarized in my report to the General Court dated January, 2011 (copy attached) which recommends that *"The General Court should adopt legislation that designates the lower Exeter and Squamscott River for inclusion in the Rivers Management and Protection Program and designates the lower Exeter and Squamscott River ...."* In developing this recommendation, DES considered the nomination package submitted by the Exeter River Local Advisory Committee, public comment, and the recommendation for RMPP designation by the Rivers Management Advisory Committee (RMAC), as submitted to me by letter dated September 30, 2010 (copy attached), from Dr. Kenneth Kimball, RMAC Chair. Our detailed evaluation is presented in the attached report, The Lower Exeter and Squamscott Rivers: A Report to the General Court, dated February 2011.

Thank you for the opportunity to comment on this important legislation. If you have any questions or need additional information, please contact Steve Couture, Rivers Coordinator at 271-8801, or me at 271-2958.

Sincerely,

  
for Thomas S. Burack  
Commissioner
