

SUMMARY

Hazardous Waste Rules: Readoption with Amendments

Env-Hw 100 – 1200 adopted to be effective August 14, 2017

State-Initiated Revisions

- Revisions for clarity (throughout)

Env-Hw 100

- Updated the edition dates of federal regulations cited in the rules (Env-Hw 101.04)
- Moved text of statutory and federal definitions to appendices (Env-Hw 103, 104)
- Adopted definitions for *containment building*, *drip pad*, *explosives or munitions emergency*, *explosives or munitions emergency response*, *explosives or munitions emergency response specialist*, *household*, *household hazardous waste*, *land disposal*, *military munitions*, and *state-only waste* (Env-Hw 103, 104)
- Removed unneeded definitions for *council*, *electrochemical cell*, *hazardous waste storage area*, *integral design*, *New Hampshire identification number*, *subsequent notification form*, and *universal waste transfer facility* (Env-Hw 103, 104)
- Changed *certification* to *professional certification* and *DOT* to *USDOT* (Env-Hw 103, 104)

Env-Hw 200

- Added requirements for certifications required throughout the rules (Env-Hw 207)

Env-Hw 300

- Added an exemption for responding to explosives or munitions emergencies (Env-Hw 303.02)
- Clarified permit application requirements (Env-Hw 304)

Env-Hw 400

- Clarified applicability of the rules to hazardous waste mixtures (Env-Hw 401.01, 404.01)
- Moved text of definitions either to Env-Hw 401.02 or to appendix (Env-Hw 401.03)
- Adopted HW exemptions related to newly adopted HW listings (Env-Hw 401.03)
- Repealed pharmaceutical waste exemption (Env-Hw 401.03(b)(26)) in response to 2016 HB 1490, which revised the definition of *hazardous waste* in RSA 147-A:2, VII
- Clarified documentation requirements for HW exemptions (Env-Hw 401.03)
- Adopted HW listings (Env-Hw 402.04 - 402.07)
- Clarified F006 listing (Env-Hw 402.06)
- Repealed outdated HW listings (Env-Hw 402.05, 402.07)

SUMMARY

Hazardous Waste Rules: Readoption with Amendments

Env-Hw 100 – 1200 adopted to be effective August 14, 2017

Env-Hw 500

- Adopted an exemption for responding to explosives or munitions emergencies (Env-Hw 501.02)
- Added definitions for *central accumulation area* and *satellite accumulation area* (Env-Hw 501.03)
- Clarified requirements for documenting HW determinations (Env-Hw 502.01)
- Clarified generator classification requirements (Env-Hw 503.02, 503.03)
- Clarified notification requirements (Env-Hw 504)
- Added provisions to inactivate/reactivate EPA identification numbers and requirements for declassification to be requested in writing (Env-Hw 505)
- Reorganized and clarified generator “accumulation” (formerly “storage”) requirements (Env-Hw 507 - 509) [Inspection recordkeeping requirements for SQG extended storage and FQG satellite storage were proposed but were not adopted]
- Added provisions for use of drip pads and containment buildings by FQGs (Env-Hw 509.02)
- Adopted federal Land Disposal Restrictions (Env-Hw 509.05)
- Updated and clarified manifest requirements (Env-Hw 510)
- Updated import/export provisions (Env-Hw 510.06, 512.03)
- Added provisions for a generator to submit manifest copies if the designated facility fails to do so (Env-Hw 511.01)
- Updated recordkeeping requirements (Env-Hw 512.01, 512.02)
- Added provisions for responding to releases prior to cleanup plan approval (Env-Hw 513.02)
- Updated SQG self-certification requirements (Env-Hw 514)

Env-Hw 600

- Adopted federal military munitions transportation requirements and an exemption for responding to explosives or munitions emergencies (Env-Hw 601.01, 601.02)
- Clarified notification requirements (Env-Hw 602)
- Reorganized transporter requirements (Env-Hw 603)
- Updated import/export provisions (Env-Hw 604)
- Added provisions for responding to releases prior to cleanup plan approval (Env-Hw 608.02)
- Clarified registration requirements (Env-Hw 609.01)

Env-Hw 700

- Adopted exemption for responding to explosives or munitions emergencies (Env-Hw 701.02)
- Clarified exemption for solid waste facilities managing non-hazardous solid waste (Env-Hw 701.02)
- Adopted federal Land Disposal Restrictions (Env-Hw 701.01, 707.05, 708.04)

SUMMARY

Hazardous Waste Rules: Readoption with Amendments

Env-Hw 100 – 1200 adopted to be effective August 14, 2017

Env-Hw 700 (continued)

- Clarified notification requirements (Env-Hw 702)
- Updated and clarified manifest requirements (Env-Hw 703.02)
- Updated import/export provisions (Env-Hw 703.04, 705.01)
- Clarified requirements for rejected shipments (Env-Hw 704.01)
- Updated and clarified recordkeeping and reporting requirements (Env-Hw 705)
- Added provisions for responding to releases prior to cleanup plan approval (Env-Hw 706.02)
- Added provisions for drip pads, containment buildings, and storage of HW munitions and explosives (Env-Hw 707.04, 708.03)
- Adopted 40 CFR 266 Subpart M – military munitions (Env-Hw 709.01)

Env-Hw 800

- Moved list of exempt materials to Env-Hw 401.03 (from Env-Hw 802.02)
- Adopted federal Land Disposal Restrictions (Env-Hw 805.01, 808.02)
- Clarified annual reporting requirements for UO transporters (Env-Hw 807.07)
- Clarified applicability of requirements for recyclable materials used precious metal recovery (Env-Hw 808.01)
- Updated import/export provisions (Env-Hw 808, 809)

Env-Hw 900

- Revisions for clarity

Env-Hw 1000

- Codified existing HHW grant application requirements and procedures, established deadline for submittal of documentation for disbursement of grant monies (Env-Hw 1003)

Env-Hw 1100

- Updated import/export provisions (Env-Hw 1101.02, 1102.08, 1106.07)
- Clarified notification requirements (Env-Hw 1104.03)
- Reorganized the requirements for large quantity handlers and very large quantity handlers (Env-Hw 1104, 1105)
- Moved text of federal regulations to an appendix (Env-Hw 1109, 1110, 1111, 1112)

SUMMARY

Hazardous Waste Rules: Readoption with Amendments

Env-Hw 100 – 1200 adopted to be effective August 14, 2017

Env-Hw 1200

- Adopted federal Land Disposal Restrictions with amendments to conform with state-specific terminology, cross-references, and other requirements in the hazardous waste rules
