**SUBJECT: ICC CERTIFICATION (FORMERLY IFCD) - AVAILABILITY OF
COMPUTER BASED CERTIFICATION TESTING
CONTRACTORS AND TESTING LOCATIONS**

The International Code Council (ICC) has contracted with an additional computer based certification testing contractor service to provide underground storage tank (UST) and aboveground storage tank (AST) facility contractors with an additional service provider and testing locations for those that wish to become certified and for those that are required to become re-certified in the following areas:

- (1) UST Installation/Retrofitting
- (2) UST Tank Tightness Testing
- (3) UST Cathodic Protection Testing
- (4) UST Decommissioning
- (5) UST Certified Operator
- (6) AST Installation/Retrofitting

ICC now provides contractors with two testing services:

- (1) LaseGrade – 1-800-211-2754
- (2) Promissor – 1-800-275-8301

To request a 2005 AST/UST Examination Bulletin please contact Thomas Beaulieu at (603) 271-2986 or e-mail him at tbeaulieu@des.state.nh.us or contact ICC at 1-866-ICC-Exam or e-mail them at www.iccsafe.org/certification.

“Important” – ICC has redesigned its examination bulletin. It is important that you obtain the 2005 edition to review the subject reference material prior to taking the required examination.

Note: Any questions concerning the content of the examinations or the certification process should be directed to ICC, Los Angeles District Office, 5360 Workman Mill Road, Whittier, California 90601-2298.
