

Dear Mary Ann:

As a comment on the Proposed Wetlands Rulemaking, I would like to suggest that the rules include definitions for all acronyms used throughout the ruleset. Even though they are often defined at their first use, it would be easier for readers if they were also included in the Definitions.

Examples include:

PBN
SPN
CWS
NHB
PTE
SGP

This would also apply to Agencies, such as:

NHFG
ACE
NHB
CC
NRCS
NHDES

Thank you,
