

# 2012, All Impaired Waters of the 305(b) and 303(d) List (Final)

## All Impaired Waters

 Severe

 Marginal

## Not Impaired or Impaired but Not Requiring a TMDL

## Political Boundaries

 State boundary

 County boundary

 Town boundary

## NOTES:

1. This map is current as of April 2015. New Hampshire's 303(d) has not yet received final approval from EPA Region One.
2. This map does not show threatened and/or impaired waters that do not require a TMDL.
3. TMDL stands for Total Maximum Daily Load study.
4. See the 2012 Consolidated Assessment and Listing Methodology (CALM) for details regarding how assessments were made.
