Re: Rejected Shoreland Permit by Notification (RSA 483-B)
NHDES File Number: 2020-XXXXX
Subject Property: 123 Testing Rd, Concord, Tax Map #XX, Lot #XX

Dear Applicant:

On November 23, 2020, the New Hampshire Department of Environmental Services (NHDES) Shoreland Program received the above-referenced Shoreland Permit by Notification (SPBN). In accordance with RSA 483-B:5-b, I and Env-Wq 1406.19, on November 24, 2020, the NHDES rejected the SPBN for the following reasons:

1. Photos of each area proposed to be impacted were not included with the notification. In accordance with RSA 483-B:5-b(I)(a) and administrative rule Env-Wq 1406.16, photos of each area proposed to be impacted are required for a shoreland PBN to be complete and accepted.
2. The plans do not show the location of the proposed project relative to the reference line. In accordance with RSA 483-B:5-b(I)(a) and administrative rule Env-Wq 1406.16, plans clearly and accurately depicting the work to be completed relative to the reference line of the jurisdictional waterbody are required for a shoreland PBN to be complete and accepted.

SPBN File #2020-XXXXX is closed. The NHDES cannot accept additional information to complete this SPBN or otherwise modify it with the intent of changing its status to "accepted."

In accordance with RSA 483-B:5-b, no construction, excavation, or fill may proceed within the protected shorelands on the property until either a Shoreland Impact Permit is obtained through the application process or a new, complete SPBN is filed with and accepted by the NHDES. **The fee associated with SPBN File #2020-XXXXX is non-refundable and non-transferable.**
