

How to Find a Document on OneStop

February 2025

Step 1: Under the OneStop Navigation section, click on the banner that reads “ONESTOP BASIC SEARCH.”

The screenshot shows the top navigation bar of the OneStop website. It includes links for 'Change Text Size', 'Change Site Language', 'Search The Site', and 'Accessibility'. Below this is the 'NEW HAMPSHIRE DEPARTMENT OF Environmental Services' logo and a menu with 'Advisories | Events | OneStop | About | Contact | Feedback'. Social media icons for Facebook, X, Instagram, YouTube, and LinkedIn are also present. A secondary navigation bar lists 'Home and Recreation', 'Business and Community', 'Climate and Sustainability', 'Permits, Rules and Regulatory', and 'Resource Center'. A large banner image shows a coastal scene with a red car parked on a pier. Below the banner is a 'Home > OneStop Navigation' breadcrumb. The main content area is divided into 'OneStop Navigation' and 'Related Content'. The 'OneStop Navigation' section contains a description of the database and a green-circled button labeled 'ONESTOP BASIC SEARCH >'. The 'Related Content' section lists 'Data and Maps', 'NHDES Waste Management Division Submittal Requirements', 'OneStop Data Provider', and 'Waste Division Reports and Service Provider Listing'.

Step 2: Type the associated **Site Number** where it says “Any DES Interest Id” and click on “Enter.”

The screenshot shows the search interface on the OneStop website. At the top, it says 'OneStop - Search'. Below this is a search form with a field labeled 'Any DES Interest Id' containing the value '199712055'. This field is circled in green. To the right of the field is an 'Enter' button. Below the search form is a section titled 'Areas of Interest' with a dropdown menu set to '-Optional-'. Underneath, there is a section for 'Specific Areas of Interest' with a grid of checkboxes for various categories like 'Aboveground Storage Tank', 'Air Stationary Source', 'Alteration of Terrain Permit', etc. Below this is a section for 'Location' with dropdown menus for 'Town/City', 'Name', 'Address', and 'County', each with an 'Enter' button. At the bottom of the page, there is a footer with contact information for the New Hampshire Department of Environmental Services.

Step 3: Under the “Secondary Id(s)” locate the associated **Project Number** then click on the corresponding “Interest(s) at this location” blue text shown in the center column.
