

Membership of the Geologic Resources Advisory Committee as of 9/15/2020

Member Name	Affiliation	Position Title	Interest represented / Expertise	Attended meeting?	Voting Member?
Will Abbott	Society for the Protection of NH Forests	Vice President of Policy/ Reservation Stewardship	Planning (Non-governmental) - Land conservation and water resources issues/policy	N	Y
Dennis Albaugh	Geologix, Inc	Vice President and Chief Geologist	Private sector - Consultant specializing in water supply planning, development, and management; environmental impact assessment and mitigation	Y	Y
Tim Allen	Keene State University	Professor of Environmental Studies and Geology	Academic - Application of geochemistry and/or geophysics to addressing environmental, hydrological, or other geological questions	N	N
Scott Bailey	U.S. Department of Agriculture, Forest Service	Geologist	Federal government – Research investigating ecological processes in terrestrial and aquatic ecosystems of the northern forest	Y	Y
Marcel Belavel	U.S. Environmental Protection Agency (EPA) Region 1	Hydrogeologist	Federal government - Groundwater resource availability, development, and protection; contaminant hydrogeology	Y	Y
Wally Bothner	University of NH, Department of Earth Sciences	Emeritus Professor of Geology	Academic - Structural geology and the bedrock geology of New Hampshire and New England	Y	N
Ryan Crosbie	Pike Industries, Inc.	Environmental and Land Manager	Industry - Land Manager for numerous aggregate quarries.	Y	Y
P. Thompson Davis	Bentley University	Professor of Natural and Applied Sciences	Academic - Glacial and Quaternary geology	Y	N
Ted Diers	NHDES, Watershed Management Bureau	Administrator	State Government - Coastal resources, Clean Water Act, Rivers Management and Protection program	N	Y
Karen Dudley	USDA, National Resource Conservation Service	Resource Soil Scientist	Federal Government - Soils maps and data, water quality, and climate change	N	Y

Brian Fowler, Vice-chairman	Fowler Management Resources	Chief Executive Officer	Private sector - Consultant specializing in mining issues and geologic resource appraisals; also affiliations with prominent non-profit organizations supporting earth science education	Y	N
Vacant	University of NH Library	Geospatial and Earth Sciences Librarian	Academic - Outreach and communication		Y
Gary Johnson, Chairman	Dartmouth College, Department of Earth Sciences	Emeritus Professor of Earth Sciences	Academic - Sedimentology and paleontology	Y	Y
Lesley Johnson	NH Association of Conservation Commissions	Conservation Commission Member Designee	Planning (Non-governmental) - Local land conservation and development issues	Y	Y
Krystle Pelham	DOT, Bureau of Materials and Research	Research Geologist	State government - Transportation infrastructure and geologic hazards	Y	Y
Lisa Scott	State of NH, Division of Forest and Lands	GIS Manager	State government - Stewardship of state lands, including parks and geologic sites	N	Y
